VASP MEMBERSHIP DRIVE
2009

Dear NASP Member:

The Vermont Association of School Psychologists (VASP) is currently finalizing its membership and renewal drive. As a NASP member, we are writing to invite you to join our statewide group. "VASP came into being in 1989 and has a threefold purpose: 1) to represent and promote the profession of school psychology in Vermont; to provide high quality continuing education programs for school practitioners; and, 3) to be a source of information about changes or new developments in psychology and education that influence our profession. VASP seeks to accomplish these goals by maintaining a close working relationship with the Vermont Department of Education and other organization/agencies with whom our work overlaps, by offering continuing education workshops in the Fall and Spring of each year, and through *VASPNOTES*, the Association's newsletter." Our spring conference is a members-only conference as our way of providing a yearly continuing education opportunity more specific to the practice of school psychology. In addition, VASP's annual meeting take place over dinner immediately following the conference, allowing important opportunities for networking and discussing key issues directly with the membership.

If you are interested in joining VASP, please complete the online application and send it with your membership fee to Cynthia LaRiviere, Ph.D., VASP, P.O. Box 9375, South Burlington, Vermont 05407.
